Updates to website will be billed at \$35/hr. Quarterly Hosting must be paid in the month prior to that Quarter. Quarters are Jan-March, April-June, July-Sept, Oct-Dec.

**Note:** Some Domain Names can vary in cost. Some more some less. If the name that you want is more expensive, I will discuss with you first. If it is less then I will make an adjustment to the invoice. If the Domain company increases prices those prices will be passed on to you in an increase.

Depending on the details that you want on your website it may only take 5 hours instead of the 6. Very detailed sites can take more than the 6 hours. We will discuss and I will try my best to estimate correctly based on what you want. In most cases, the price above should be the most it will be. In some cases it may be less.
